The first organization we joined in 2006 when we started our business was the Brunswick County Chamber of Commerce. The Chamber is the biggest advocate for businesses and the community, and bringing the both together in so many ways. We have been a member for 12 years and the chamber staff is very helpful in so many ways I cannot list them all. The networking opportunities are unmatched from other organizations and a direct link to our business growth. The Brunswick Chamber of Commerce sticker on your door means a lot to the community when they are looking for a business to shop at, eat, and use their services.

- Susan Giuffre, Owner, National Property Inspections

The following organizations are exempt from the Professional & Executive Levels:
Banks, Credit Unions, Savings & Loan, Utilities & Hospitals
