Being a member of the Brunswick County Chamber has proven to be invaluable to me, both professionally as well as personally. We have seen increased visibility in the community for the bank through the various networking and sponsorship opportunities. In addition, through my volunteering efforts at events, serving as an Ambassador and on the Board of Directors, I have formed friendships and built solid business relationships that have made all the difference in developing and growing our business. An investment in the Chamber is an investment in you and your business.

- Suzanne Lewis, Assistant Vice President, First Citizens Bank
